

# THE PEPPER POTS

## TRAIN TO YOUR LOVER

### Gladden Your Soul

Come on babe get ready  
There is no more thinking  
You'll get back the days you  
(waste at home)

Think of all the time  
We haven't been together  
Baby I am here  
(to let you know)

I'm your friend, 'til the end  
I'll be here if you need me

Come on baby gladden your soul  
Come on darling set free your soul  
Come on baby gladden your soul  
Come on darling set free your soul  
'Cause you got to live your life  
Come on baby gladden your soul  
Come on darling set free your soul

Take away the memories  
Of those who lied and hurt you  
Got your life and youth to  
(leave your cries)

You can get what you want  
If you do like it really  
Don't you see this big world  
(with your eyes)

I'm your friend, 'til the end  
I'll be here if you need me

Come on baby gladden your soul  
Come on darling set free your soul  
Come on baby gladden your soul  
Come on darling set free your soul  
'Cause you got to live your life  
Come on baby gladden your soul  
Come on darling set free your sou
