

THE PEPPER POTS

TRAIN TO YOUR LOVER

I Can't Choose

One day, a cat came in my house, I'd had a bad time
She wanted to be pet
She doesn't make me sad
Looking like she never hurt a fly.

I gave her some milk, and put her on my lap,
Her softness bewitched me in a moment
A special kind of charm, walked into my flat
Her purr for me was like the sweetest song.

(Right now) I have a little kitten
(Man or kitten for me) she's got no name
(No name) with her I feel so smitten
(Man or kitten for me) no need to tame.

Now, I have a little problem with my pet (with my pet)
I'm gonna have a date,
And hope to stay up late,
It'll be the first time he sleeps in my bed.

He's almost perfect, a strong and handsome man.
My nerves are making me sick
Nothing could go wrong, it was the perfect plan
But he just told me: "I'm allergic!"

(Right now) young man? Or faithful kitten?
(Man or kitten for me) she's my best friend
(No name) I feel like it was written
(Man or kitten for me) this is the end.

(Right now) I have a little kitten
(Man or kitten for me) she's got no name
(No name) with her I feel so smitten
(Man or kitten for me) no need to tame
