

# THE PEPPER POTS

## TRAIN TO YOUR LOVER

### You Hurt Me Really Bad

Hey do I know you? Little girl  
Or maybe i have seen you somewhere?  
Thank God I found you, precious pearl  
I can smell it, love is in the air

You just made my day  
You're the only one for me  
There's nothing more to say  
I never will stop loving you

Oh baby, you hurt me really bad  
Oh darling, don't wanna be so sad  
Oh baby, you hurt me really bad  
Oh darling, don't wanna be so sad

You knew it right, in that night  
You said your love was true  
Now since you lied, I don't trust  
I thought you love was true

Oh yeah now I see  
I know exactly what you are  
Womanizer, you hurt me  
Was a fool in love, now you got me messed up

Oh baby, you hurt me really bad  
Oh darling, don't wanna be so sad  
Oh baby, you hurt me really bad  
Oh darling, don't wanna be so sad
